\*Students must have a google docs account set up, parents and teachers should have username and password.

\*Because the 5<sup>th</sup> grade cubbies are very small we are asking that school bags are small enough to fit into a 9 x 27 space. We strongly recommend no wheeling backpacks as they are difficult to store and unnecessary for the amount of homework that will be going home nightly. We encourage students to reuse as many items as possible from last year such as scissors, colored pencils, folders, etc. Some items will be collected to be used as community supplies. All other items should be labeled with your child's name.

Many items will need to be replaced during the school year. Please periodically check with your child that he/she has all supplies needed throughout the school year.
